**ACADEMIC BANKRUPTCY POLICY FOR TRANSFER STUDENTS:

Transfer credits will be accepted from accredited junior and senior
colleges with appropriate grade points reflecting the grades that have been
earned. The transfer student's complete academic record from the sending
institution will be evaluated in accordance with Eastern Kentucky University
policy and the accepted credit hours and quality points will be entered on
the student's permanent academic record. As a condition for meeting graduation
requirements of the university, the student must have a minimum of 2.0 standing
on all course work completed at Eastern.

Normally, a transfer student's grade point standing at the university
will be based on all academic work attempted at Eastern and at the institution(s)
from which the student transferred (see 3). However, when the transcript(s)
of the sending institution identifies work that the sending institution in
accordance with its published policy has declared as academically bankrupt
and does not use such bankrupt work in the computation of the grade point
average, then Eastern Kentucky University will not use such bankrupt work
in the computation of the transfer student's grade point average for purposes
of admission to Eastern. Credit in semesters/quarters declared academically
bankrupt in accordance with the published policy of regionally accredited
institutions will not be accepted by EKU nor will such bankrupt work be used
in the computation of the grade point average. In the case of the following
undergraduate programs which possess selective admissions criteria and for
admission to the Graduate School, academic bankruptcy will not be recognized
and work so declared will be used in the computation of the program admissions
grade point standing:

Degree programs of the College of Allied Health and Nursing,
teacher education programs administered by the College of
Education, and such degree programs as may be added by ap-
propriate University authority.
Chairperson Morrow shared a letter he had received from President Powell concerning the document passed by the Faculty Senate at its December meeting regarding the Subvention of Scholarly Books. The letter stated that the concept would have value to the University but that it will be necessary to develop procedures to implement the program. By a copy of the letter, he has asked Dr. Wallace Dixon, Chair, University Press of Kentucky Committee, to have the committee consider and recommend procedures to address the following: 1. Development of a list of approved scholarly presses. 2. Evaluation of manuscripts submitted for publication support. 3. Recovery of University funds advanced for publication from royalties. 4. Recommended level of activity in supporting scholarly works per year, either in dollar amounts or number of supported manuscripts.

Mr. Morrow reported that, upon the request of a Senator, he had asked President Powell the status of the Grievance Procedure passed by the Faculty Senate at the December meeting. Dr. Powell responded that he has not taken the document to the Board of Regents. He is waiting for the completion of the report of the University Tenure Standards Committee.

Reports from Standing Committees

Committee on Elections

A schedule of elections was included with the March Senate agenda. Senator Smith stated that the regents ballots are out and will be counted on March 22.

Reports from Ad Hoc Committees

Committee chairs were recognized, and they had no reports.

Report from the Faculty Regent

Senator Algier was in Frankfort attending a meeting sponsored by the Pritchard Committee as a representative of the Faculty Senate and will report to the Faculty Senate at the April meeting.

Report of the Council on Academic Affairs

Senator Rowlett brought two items from the Council on Academic Affairs. He asked that the title of the first item be changed to read "Proposed Bankruptcy Policy for Transfer Students." The Council felt that the University needs an official published statement of such policy. Mr. Rowlett stated that this is not a bankrupt policy for students enrolled at Eastern, but only for transfer students. He then moved for approval of the proposal; Senator Powell seconded the motion. Senator Kelley asked for an explanation of the addendum. Senator Rowlett stated that this is a listing of the programs which are excluded from this policy. Other programs may be added upon recommendation of the academic units. It was felt by the Council that students should know in advance that while they are admissible to the University with bankrupt semesters, this does not imply admissibility to every program. At the call for the question, the motion passed without dissent.

Report of the Council on Academic Affairs

President Funderburk reported that he had received the Report of the Council on Academic Affairs from Vice President John D. Rowlett. Dr. Rowlett indicated that the "Proposed Academic Transfer Bankruptcy Policy" has been approved by the Faculty Senate and the Council on Academic Affairs, he recommended its approval by the Board of Regents.

Dr. Gray made a motion for its approval, which was seconded by Mr. Harper, and passed by voice vote. A copy of the policy follows:
PROPOSED ACADEMIC TRANSFER BANKRUPTCY POLICY

Academic Transfer Bankruptcy is a provision allowing undergraduates to choose to have work attempted at other institutions not counted toward graduation or in their grade point average at Eastern Kentucky University.

Eligibility requirements and stipulations:

1. Academic Transfer Bankruptcy is available to full- or part-time students who

   (a) did not attend an institution of higher education for a period of at least two years prior to enrolling at EKU;

   (b) attain a cumulative GPA of at least 2.25 with no grade lower than a C on all work taken at the end of the term in which the twelfth hour is attempted;

   (c) have not previously declared Academic Transfer Bankruptcy at EKU.

2. A student desiring to declare Academic Transfer Bankruptcy must notify the Registrar in writing of his/her wish to do so. After verifying that conditions a-c above are met, the Registrar will bankrupt the requested work and note it as bankrupted so that it will no longer be included in figuring the student's GPA. The Registrar will also notify the student that Bankruptcy has been effected.

3. A student may declare Academic Transfer Bankruptcy on work from a single institution or from several; however, Academic Transfer Bankruptcy may be declared only once.

4. Bankruptcy of work from an institution applies to all work from that institution; no courses or grades earned there may be counted toward a program at EKU.

5. Work bankrupted will be counted in computing eligibility for graduation with honors.
and specifically listed in the document.

(2) In the event that the document is to contain an arbitration policy to cover instances where there is disagreement between the developers of the material and the University administration regarding the distribution of funds resulting from patents or copyrights, such a policy should specify that the final decision in such matters should reside with neither party.

The motion was seconded by Senator Heberle. The motion passed.
