Employee Leave

Statement

Eastern Kentucky University provides leave to eligible employees, depending on the leave type and as set forth in this Policy, as follows:

- Bereavement Leave
- Court Leave
- Election Days
- Family Medical Leave
- Sick Leave
- Spousal/Sponsored Dependent Sick Leave Sharing
- Vacation Leave

Other instances of leave time may be provided in certain circumstances at the sole discretion of the University.

When an employee provides notice to the University of their intention to separate employment, the employee's notice period cannot be supplemented with available leave time covered by this Policy except in limited circumstances as approved by the supervisor, who shall consult with their area Vice President and Human Resources, or as required by law.

Entities Affected

All Employees.

Procedures

I. Bereavement Leave

Fully Benefited and Partially Benefited employees shall be allowed bereavement leave up to three days for the death of an immediate family member, including but not limited to:

- Parent or guardian;
- Sibling/step-sibling/half-sibling;
- Spouse/partner;
- Child/step-child/dependent child;
- Grandparent or grandchild; and
- In-laws of the same kind.

The employee shall notify their supervisor of the need for bereavement leave as soon as possible. Supervisors are responsible for the management of bereavement leave as outlined within this Policy.

Employees may work with their supervisors to utilize other leave balances as needed for relationships not covered by bereavement leave or instances where additional leave time is necessary, subject to other requirements of this Policy.

II. Court Leave

All employees shall be entitled to paid time off while called for jury service or due to a subpoena or other requirement of a court to appear as a witness, except in cases where the employee or their child, parent, or spouse/sponsored dependent is a party in the court action. If the employee or family member specified herein is a party in the court action, the employee may work with their supervisor in advance to utilize other leave balances as needed and approved, subject to other requirements of this Policy.

Employees shall notify their supervisor of the need for court leave as soon as possible. Employees shall record court leave on time documents indicating authorized time away from work due to jury/court duty. Employees who have been dismissed from jury duty or who have been released as witnesses are expected to return to work.

III. Election Days

All employees are strongly encouraged to participate in the democratic process by exercising their right to vote. Regular Full-Time employees shall be given up to four hours off to vote on election days or to appear before the county clerk to request an application for or to execute an absentee ballot, with one hour of such to be paid election leave, provided the employee schedules such time off with their supervisor prior to election days. All other employees may work with their supervisor in advance to utilize other leave balances to vote on election days as needed and approved, subject to other requirements of this Policy. In presidential election years, the University is closed on Election Day, which is recognized as a paid day off for Fully

Benefited and Partially Benefited Employees, and no additional paid election leave shall be granted.

According to KRS 118.035(4), "Any person selected to serve as an election officer shall be entitled to absent himself from any services or employment in which he is then engaged or employed for a period of an entire day to attend training or to serve as an election officer." That statute also permits the University to specify the hours during which the employee may be absent. Any employee selected as an election officer shall work with their supervisor in advance to confirm, as the statute states, "the hours during which the employee may absent himself" as well as to utilize other leave balances as needed and approved, subject to other requirements of this Policy, to work on election days or engage in election officer training activities.

IV. Family Medical Leave

The Family and Medical Leave Act of 1993 (FMLA) provides eligible employees who have at least twelve months of service with the University and who have performed, in the twelve months prior to the start of FMLA leave at least 1,250 hours of service, with up to twelve weeks of job and benefit-protected, unpaid leave during a rolling twelve-month period. For more information, please see Policy 8.2.14.

V. Sick Leave

Fully Benefited and Regular Part-Time employees receive sick leave for personal illness, injury, additional bereavement leave, preventative medical care, or other short-term disability. Sick leave may be used for a child, parent, or spouse/sponsored dependent whose condition requires the employee's direct care and in instances of qualified FMLA leaves. It is the responsibility of employees to inform their immediate supervisor whenever they cannot meet their responsibilities due to illness or other reasons covered by sick leave, and to enter sick time for any portion of the workday absent.

Fully Benefited employees shall receive accrued sick leave on the basis of one day per month. Regular Part-Time earn prorated sick leave based upon their part-time assignment. Sick leave accrues with each payroll. Periods of leave without pay earn no sick leave accrual. There is no maximum on the amount of sick time an employee can earn. Accrued but unused sick time is not paid to a separating employee. Under certain retirement systems, accumulated sick time can count towards years of service.

VII. Spousal/Sponsored Dependent Sick Leave Sharing

Employees may only transfer sick leave to their spouse or sponsored dependent. Sick leave may be transferred only if it has been accrued and is available. Requests for the

transfer of leave will not be processed retroactively except to cover the period between the date the request was submitted and the date of approval.

A day is defined as the number of regular work hours specified by the transferring employee's assignment. Leave will be transferred in blocks of at least five days but no more than ten days during any one fiscal year. Unused transferred leave will not be returned to the transferring employee. This benefit does not impact an employee's ability to apply for sick leave time from the sick leave bank. Transferee must maintain a minimum balance of ten sick leave days.

VIII. Vacation Leave

Fully Benefited employees accrue vacation leave on a per pay period basis at the rates listed in the chart below. Partially Benefited employees earn prorated vacation leave based upon their part-time assignment. Faculty members do not earn vacation leave unless they are academic department heads or librarians on twelve-month assignments.

Maximum accrual is a one-year allotment as outlined in the chart below. Once an eligible employee reaches their maximum accrual of vacation leave, they stop earning additional vacation leave until their balance falls below the maximum accrual amount. It is the employee's responsibility to monitor their vacation balance.

Years of Service	Vacation Days Per Year
1-4	10
5-9	15
10-14	20
15+	22

Partially-Benefited staff earn a prorated vacation and are subject to a prorated maximum accrual based upon their part-time assignment.

Vacation leave accrues with each payroll but is not earned or available for use by a new employee until successful completion of the ninety-day orientation period. Vacation is not paid out to an employee who separates from the University during the orientation period. Periods of leave without pay earn no vacation leave accrual.

All vacation leave must be scheduled and approved in advance by the supervisor. The supervisor may deny a vacation request in circumstances where the absence of the employee would not be in the best interest of the unit. It is the employee's duty to

report absences approved as vacation leave. The University reserves the right to reduce the vacation balance of employees who fail to properly report use of leave.

Upon separation of the employee, individuals will be compensated for earned, unused vacation leave; however, individuals whose employment is contingent upon outside funds, such as grants or state contracts, shall not be paid for unused vacation hours upon separation.
