Tailgating Regulation

Statement

Tailgating is a gathering of students, alumni, faculty, staff, and members of the public prior to Eastern Kentucky University athletic events, in Designated Locations, to socialize and prepare and/or consume food/beverages. The objective of tailgating is to promote attendance at and popularity of University athletic events and enhance University team spirit.

The University recognizes that tailgating has become a popular adjunct to athletic event attendance. All tailgating activities, particularly those involving Alcoholic Beverages, must be in accordance with this Regulation.

The possession and/or consumption of Alcoholic Beverages on University Property is controlled by State Laws, Ordinances, Regulations, and University Policies. All members of the University community and visitors to campus are expected to comply with these State Laws, Ordinances, Regulations, and University Policies. The University desires to preserve an environment compatible with academic endeavors without unnecessarily restricting exercise of legal privileges, while also promoting an environment where there is zero tolerance for underage drinking and alcohol education and counseling programs are readily available.

This regulation should be read in conjunction with University Policy 9.1.1P, Consumption and Serving of Alcoholic Beverages on Campus.

Entities Affected

Internal and External constituents.

II. General

- Individuals attending tailgating events are expected to conduct themselves in a manner respectful of the nature and character of the University.
- The University reserves the right to restrict and/or remove any vehicle or person, to designate parking spaces, and to restrict access to designated tailgating locations or picnicking spots for reasons of safety and/or disruption of the peace.

- Pets on leash are permitted and must be under the control of the owner at all times. Waste removal and cleanup is the responsibility of the owner.
- Portable electrical generators with a decibel rating of 60DB or less are permitted, but are discouraged. For temporary electrical needs, the use of battery operated inverters is recommended since these do not generate hazardous carbon monoxide emissions, do not require gasoline cans and resultant hazards, and do not create noise that is potentially damaging to hearing and a nuisance to fellow tailgaters. The operation of portable

electrical generators that create excessive noise, emission hazards or other safety concerns will not be permitted.

- Banners and signage recognizing businesses may not be displayed nor may promotional materials be distributed without prior approval by the University Athletics Department.

- Possession and Consumption of Alcoholic Beverages by persons under 21 years of age is prohibited.
- For safety purposes, glass containers of any type are prohibited.

IV. Vehicles

- Spaces are limited and are filled on a first-come, first-serve basis.
- Blocking aisles or other vehicles from parking is prohibited.
- Box trucks and/or trailers are prohibited.
- For safety reasons, standing on elevated platforms is prohibited. This includes, but is not limited to: truck beds, vehicle roofs, and tables.
- Any vehicle that requires more than one (1) space requires prior approval from the Director of Athletics.

V. Noise

- Music must be confined to your tailgate participant's direct area and speakers must be directed into tailgate participant's direct area.
- Excessively loud music and noise are not permitted. If loud music or noise becomes a disturbance to others, tailgate participants may be required to lower the music and/or noise level. Courtesy is expected of all tailgaters.

- Live musical bands and other live performances are not allowed at tailgating locations unless sponsored or approved by the Director of Athletics.

VI. Food/Grilling

- It is strongly recommended that wherever alcohol is being consumed that food also be made available.
- Grilling is permitted in the tailgating area. Only propane (with a maximum propane cylinder size of 20lbs.) and charcoal grills are permissible sources of heat for cooking.
- Burned coals and/or residue from cooking may not be permitted to make contact with the paved surface of the parking lot. Hot coals must be completely extinguished with water prior to leaving the tailgate site.
- Open flames are strictly prohibited. This includes the use of portable fireplaces and tiki torches.

VII. Tents and Tables

- Tents and tables are permitted in Designated Locations. No permanent or semi-permanent structures may be constructed for any tailgating activity.
- The use of tents larger than 10' by 10' is discouraged. Tents may not be staked into the ground or pavement.
- Tents may not be set up on sidewalks, bike paths, travel lanes or any other area of regular flow of pedestrian traffic.

VIII. Cleanup and Trash Removal/Recycling

- Individuals and groups participating in tailgating are required to clean up their immediate area in the Designated Location before going to the game or leaving the Designated Location.
